## AUSTRIAN COMMANDER ASKS ARMISTICE OF ITALY

### CAPTURE OF PASS PERILS BIG FORCE

FIFTEEN DIVISIONS CUT OFF FROM RETREAT  
BY CAPTURE OF MOUNTAIN PASS OF VADAL  
BY ALLIED FORCES

### DISASTER FOLLOWED BY APPEAL FROM ENEMY FOR ARMISTICE

Only Remnant of Great Austrian Army Is Left In Mountain Region—Whole Front is Ablaze and Austrians Flee Eastward

London, Oct. 31.—The Austrian commander on the Italian front has applied to General Diaz, the Italian commander-in-chief for an armistice, the Exchange Telegraph company states.

The application, the news agency adds, has been forwarded to the Versailles conference.

Washington, Oct. 31.—Fifteen Austrian divisions operating between the Brenta and the Piave on the Italian front, have had their retreat cut off through the capture of the mountain-pass of Vadal by Italian and allied troops.

Official wireless dispatches from Rome today say the advantage is being pressed to the utmost and that a crisis is near. Enemy losses are described as appalling.

Occupation of the valley of Quero by the Italian army corps operating north of Valdobbiadene threatens Feltre, and exposes the Austrians in the Grappa region to a flanking movement, which is said will compel immediate retirement.

The Third Italian army on the lower Piave is reported advancing steadily in the direction of Oderzo, in the face of desperate enemy resistance.

In all, more than 1000 square kilometers of Italian territory was reconquered yesterday, and apparently the whole front is being driven northward. The dispatches flatly deny the Austrian claim that territory across the Piave is being evacuated voluntarily.

"Yesterday's Austrian bulletin," says an official wireless message, "states that the Austrian army is voluntarily evacuating territory across the Piave. This Austrian statement is absolutely false. The Austrian army has offered, and is still offering, a formidable resistance, and it has been only since the Austrian line was broken and the enemy was obliged to retire in disorder that the ground has been given up."

"The fighting is proceeding with great bitterness, the Austrians being everywhere on the retreat. The enemy is offering a tenacious resistance in the mountain section and across the Piave between Montebelluna and the Livina."

"The English army corps and the French division who represent the allied contingent across the Piave are fighting heroically side by side with the Italians. The front is now extending for about 150 kilometers."

"The fifteen divisions trapped by the fall of the Vadal pass are what is left in that region of thirty-seven Austrian divisions there on October 24."

### WHOLE FRONT ABLAZE

London, Oct. 31.—The entire Italian front is ablaze, a Central News dispatch from Rome says. All the Italian armies now are in action.

### REACH LIVENZA RIVER

London, Oct. 31.—British forces fighting east of the Piave have reached the Livenza river at Francovich and the Italians have occupied Oderzo, according to an official statement of operations in Italy issued at the war office today.

### YANKEES AID DESTRUCTION

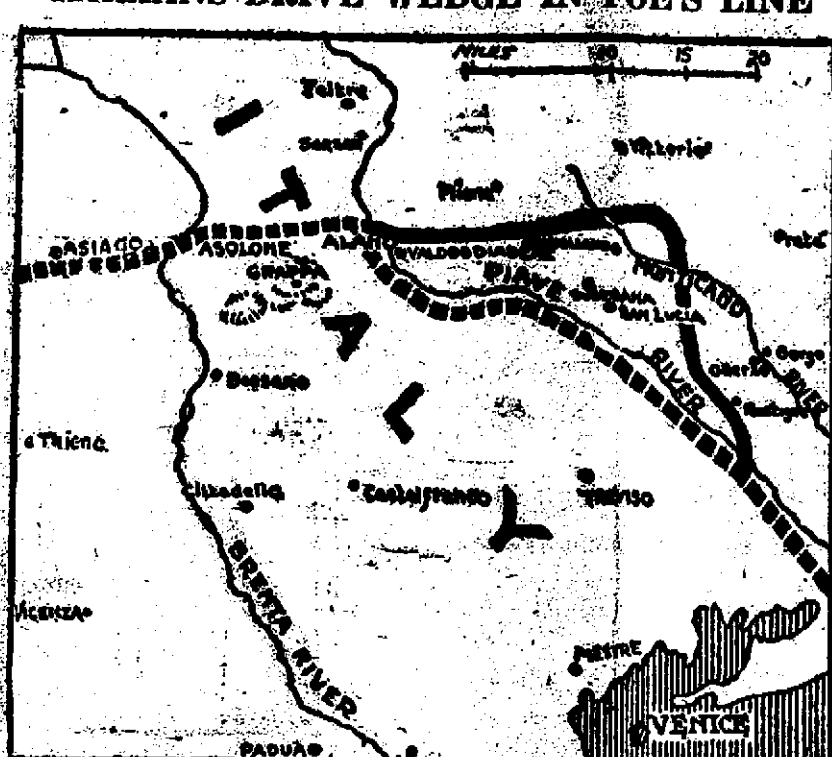

Italian Headquarters on the Piave, Wednesday, Oct. 30.—Allied troops have taken Monte Cison. This was a most important operation, for by it the roads were opened to Feltre and Vittorio.

Both these cities were Austrian bases. The capture of Monte Cison also divides the Austrian army, forcing the troops to the north to follow a long slow line of retreat through the mountains of Trentino. The general line of retreat, where the largest number of troops could be moved, would be along the roads and railways toward Belluno and cover the plains toward Udine.

Venice is now safe since the Third army has driven back the Austrians in the lower plain. Italian cavalry is advancing rapidly at many points. The number of prisoners is growing hourly and may possibly total 40,000. Opposite the Tenth army, in which American troops are brigaded, is estimated that four and one-half Austrian divisions have been partially destroyed.

The Third army, under command of the Duke of Aosta, has succeeded in establishing three bridge-heads across the lower Piave. They are at Romanziol, Salgareda and San Dona di Piave. The operation was favored by a fog but was made under violent Austrian artillery fire which continued all Tuesday night.

### ITALIANS DRIVE WEDGE IN FOE'S LINE

The Italians have driven a deep wedge into the Austrian lines north-east of Treviso, which may compel a general retreat of the enemy. Their advance has carried them more than ten miles beyond the Piave and across the Montebelluna river.

### KAISER WILLING TO CHANGE LAW

Secretary Announces In Reichstag That Emperor Does Not Oppose New Proposal.

Copenhagen, Oct. 31.—Request was made by the Socialist members of the lower house of the German reichstag on Tuesday that the ministry obtain the emperor's consent to a change in the article of the constitution which gives him the right to make war and peace. One of the secretaries announced in the house on Wednesday that he had been authorized to declare that the emperor in no wise opposed the change.

A Copenhagen dispatch announced on October 17 that Germany's federal council had accepted a proposed amendment to the constitution making it imperative that the consent of the federal council and the reichstag be given before a declaration of war to be made in the empire's name, except in cases of invasion or attacks on the coast. Another amendment to the constitution places the power of making treaties of peace and treaties with foreign states on the federal council and the reichstag. Prince Maximilian, the imperial chancellor, announced in the reichstag on October 22 that a bill had been prepared making the reichstag responsible for war and peace, the measure to become effective when the project for a league of nations should become operative.

It is probable that the foregoing dispatch refers to some new development in the effort being made to deprive the emperor of powers which he has held hitherto.

### LOCAL SOLDIERS IN ITALIAN FIGHT

Washington Official Dispatches Tell of 332nd Regiment Taking Part in Great Piave Victory.

Reports to Washington from the Italian front mention the 332nd regiment of infantry as participating in the great drive now being conducted against the Austrians. This regiment is part of the 53rd, which was drilled at Camp Sherman, Chillicothe. It is made up of Ohio and western Pennsylvania draftees, and has in its ranks a number of Newark and Licking county men. The regiment is commanded by Colonel William Wallace. The division has been overseas several months.

Thirty-three thousand Austrian troops, hundreds of guns and innumerable machine guns have been captured by Italian and allied forces on the Italian front, said an official dispatch today from Rome. The 332nd American infantry regiment has gone into action and the fighting now extends practically all along the course of the Piave river. The Austrians are retreating stubbornly, throwing in many new divisions, but have not been able to stop the advancing forces.

### BUDAPEST ALARMED OVER SERB ADVANCE

Zurich, Wednesday, Oct. 30.—The rapid advance of the allies in Serbia is causing the liveliest alarm in Budapest, according to a Vienna dispatch. It is feared that the Jugo-Slavs will cross the Croatian frontier, join the allied troops and march on the city. This is one of the reasons for the persistence with which Count Andrássy has asked for an armistice.

### SAYS TERMS ARE NOW IN BERLIN

Berlin Paper Says Foch's Conditions Arrive, But Washington Denies the Report.

London, Oct. 31.—Marshall Foch's armistice terms arrived in Berlin Tuesday night, the Vossische Zeitung of Berlin says. It learns according to an Exchange Telegraph dispatch from Copenhagen.

### WORK NOT COMPLETED.

Washington, Oct. 31.—No information had reached Washington today through either official or diplomatic channels to indicate that the American and allied military representatives in France had completed their work of framing terms upon which Germany might be granted an armistice. It was assumed that the report of the arrival of Marshal Foch's terms at Berlin, Tuesday, referred to in a Copenhagen dispatch, quoting the Berlin Vossische Zeitung, was based upon press dispatches of Tuesday from London purporting to outline what would be demanded of Germany.

### CZECHS CUT RAIL LINE TO BERLIN

Germany's Continental Policy Has Collapsed, Declares Vorwärts of Berlin.

Paris, Oct. 31.—Communication between Agram and Fiume and Budapest and Vienna has been totally interrupted. The Czech-Slovaks have cut the railroad between Berlin and Vienna near Bodenbach, and German trains can go only as far as Schandau, according to a Zurich dispatch to the Journal.

Fiume is the principal seaport of Croatia and Slavonia, and is situated near the Sava river, 75 miles inland. Bodenbach, where the railroad between Berlin and Vienna has been cut, is a town in Bohemia, near the Saxon frontier, and is situated on the Elber river.

### CONTINENTAL PLAN COLLAPSE.

Basel, Oct. 31.—"The continental policy of the German empire has collapsed," says the Vorwärts of Berlin. "The Hamburg-Bodenbach line has been reduced to the Hamburg-Bodenbach road."

### CROATS FIGHTING IN STREETS OF AGRAM

London, Oct. 31.—Sanguinary fighting is going on at Agram, the capital of Croatia-Slavonia, according to a private message received at Amsterdam and forwarded here by the Central News Agency correspondent. Some of the soldiers at Agram did not join the revolutionaries.

### CROATS VOTE COMPLETE FREEDOM FROM HUNGARY

Paris, Oct. 31.—The German state parliament at Agram has voted for a total separation from Croatia, Slavonia and Dalmatia from Hungary, according to a Geneva dispatch to the Matin. The dispatch says that Agram is decked in national colors and that the people are celebrating the passage of the resolution.

### GERMAN STATE SET UP.

Berne, Oct. 31.—The German state of Austria has been created by an act of the German national council of Austria, and a note to President Wilson notifying him of this action has been drawn up and approved at a full meeting of the council. The state claims all territory of the old Austria where the majority of the population is German.

## ALLIES SIGN TREATY AT NOON AT MINOS

### DISASTER FACES AUSTRIAN FORCE ON PIAVE RIVER

Allied Troops Separate-Foe Armies in Valley From Mountain Units

MAXIMUM ADVANCE NOW  
IS MORE THAN 17 MILES

Emperor Charles' Forces  
Fleeing Across Venetian  
Plain Toward Isonzo

(Compiled from A. P. Dispatches.) Disaster threatens the Austro-Hungarian armies from the Stelvio to the Adriatic as they retreat from Italian territory. All the Italian armies now have entered the great offensive against the Austrians and the allied troops are advancing rapidly along the entire front from Lake Garda to the Adriatic. Fighting activity on the western front remains at a virtual standstill. There have been only isolated actions at several points.

Shattered by the irresistible advance of the Italians, British and French across the Piave the Austrians are fleeing rapidly across the plains of eastern Venetia toward the lake of the Isonzo, from which they advanced a year ago. American troops are participating in the advance of the Italian Tenth army which already has reached the outskirts of Sacile 17 miles east of the Piave. The total of Austrian prisoners is approaching 40,000.

Apparently the Austrian forces which were along the Piave will have great difficulty in reaching the hills east of the Isonzo. They have been separated from the armies in the mountains west of the Piave and the allies already threaten their rear from the region of Vittorio Veneto. The lower Piave and Italian Third army has crossed the river and taken up the pursuit. In the center the Italians have taken Oderzo, while further north they have advanced beyond Vittorio in the direction of Belluno.

In retreating across the plains over the 55 miles between the Piave and the Isonzo the Austrians rush back across the narrow, half-way walled in on the north by the Carnic Alps and on the south by the Adriatic. From the manner in which the allies have driven in their wedge east of the Piave it appears that the Italian outflank of the Austrians on the north in the foothills of the Alps and crush them from both the north and the west.

The situation of the Austrians guarding the Trentino along the front from the west of Lake Garda to the Piave also is becoming serious.

Austrian troops also are retreating from Serbia and the west wing already has crossed the Danube. Vienna and the Danube near Semendria and the fall of Belgrade and the complete liberation of Serbia would seem but a matter of a few days.

### WOUNDED MEN IN HOSPITAL FIRE

Injured Soldiers From France are Endangered By Blaze in Buffalo Army Post.

Buffalo, N. Y., Oct. 31.—Fire broke out in a hospital building at Fort Porter this afternoon. The building, a long one-story frame structure, was filled with wounded and sick soldiers from France.

### THREE STATES FREED.

Berne, Oct. 31.—The Hungarian diet at a joint meeting yesterday adopted a motion declaring that the constitutional relations between Hungary and Dalmatia, Croatia and Fiume, had ceased to exist, according to the Hungarian correspondent bureau.

### GERMAN STATE SET UP.

Berne, Oct. 31.—The German state of Austria has been created by an act of the German national council of Austria, and a note to President Wilson notifying him of this action has been drawn up and approved at a full meeting of the council. The state claims all territory of the old Austria where the majority of the population is German.

COMMANDER OF THREE DIVISIONS OF TURKISH ARMY IN MESOPOTAMIA SURRENDERS TO BRITISH FORCES

### TURKEY DEFINITELY OUT OF WAR HUN ALLIANCE ALL THAT'S LEFT

British Naval Commander at Saloniki Concludes Terms With Officials of Ottoman Empire—Exact Terms Are Not Yet Known In London

Paris, Oct. 31.—An armistice between the allies and Turkey was signed today at Minos, it is officially announced.

### TURK COMMANDER SURRENDERS

London, Oct. 31.—Ismael Hakkî, commanding the Turkish armies of the group operating in the Tigris region in Mesopotamia, has surrendered with one entire division and the best part of two other divisions, the Evening Standard says.

### TAKES EFFECT AT NOON

London, Oct. 31.—(3:15 p. m.)—The Turkish armistice took effect at noon today.

### SURRENDER IS COMPLETE

London, Oct. 31.—Reuter's Agency has been informed that Great Britain has officially received definite peace proposals from Turkey which are regarded as tantamount to unconditional surrender.

The actual terms of Turkey's peace proposals had not yet reached London in the early afternoon.

The Evening Standard also says it understands the British vice-admiral at Saloniki concluded an armistice with the Turkish government at noon today.

### WILL WITHDRAW FROM ITALY, VIENNA SAYS

Vienna, Wednesday, Oct. 30 (via London).—Austrian troops fighting on Italian soil will be withdrawn, according to an official statement issued by the war office tonight. The statement reads:

"Taking into account the resolve so often expressed to bring about a conclusion of an armistice and peace, putting an end to the struggle of nations, our troops fighting on Italian soil will evacuate occupied regions."

"In the Italian theatre there has been only minor fighting activity on the Tyrol front. Between the Brenno and the Piave fresh and superior enemy forces, backed Monte Asolone and Monte Cison."

### BRIBES TO HUNS SAVE BRIDGES IN OSTEND

Belgian Army Headquarters in Flanders, Sunday, Oct. 27.—The road from Ostend to Beccbrugge, which the Germans have been striving to conquer and iron fortifications with many guns silhouetted against the sky. The number of guns increases as the fortified line nears Beccbrugge.

The Germans evidently intended that this line should be a permanent one. One concrete blockhouse, 30 by 20 feet, remains unfinished and there are other evidences that the Germans started work on new fortifications as late as one month ago.

The town of Blankenberge between Beccbrugge and Ostend is virtually undamaged but deserted. All the buildings have been stripped of copper and iron work on a distance, looks exactly as on fete days in times of peace. Flags are hanging from every window and the city is decorated with bunting.

Signs of the day's activities will be adopted as soon as the city is entered. Ostend has suffered much. The Casino is desolate and empty and the walls have been riddled with shell fire. The maritime station is a complete wreck. Many houses have crumbled to the ground and most of the bridges in the town have been destroyed. The fact that not all the bridges were blown up by the Germans is commented upon by military visitors to Ostend. An official statement of the German general staff had given orders to destroy all the bridges. However, the German non-commissioned officers, desired for the work of destruction, he added, fell easy victims to persuasive 100 or 200 mark bills.

### FRENCH CAPTURE 1500 IN LAST TWO DAYS

Paris, Oct. 31.—French troops late yesterday repulsed a strong German counter-attack northwest of Chateau Porcien, according to the official statement today from the war office. On the Oise front there has been only artillery activity. In the last two days the French Fifth army has taken nearly 1,500 prisoners. The text of the statement reads:

"The artillery activity has been rather lively on the Oise front. At the end of the day several German counter-attacks were repulsed. The French maintained their positions."

"In the last two days the number of prisoners taken by the French Fifth army has reached 1,500, including a colonel of cavalry and three chiefs of battalions."

## MRS. WESTON IS CALLED BY DEATH

Long Illness of Aged Granville Woman Ends Wednesday — Daughters in West.

(Special to The Advocate.)  
Granville, Oct. 31.—The death of Mrs. Mary Weston, 71, following a long illness, occurred at her home in Granville, Wednesday afternoon. No arrangements have been made for the funeral. Her only son, Frank, was with her, but her two daughters are in the far west, Mrs. Wells in California, Mrs. Malone in Idaho. She was for many years a member of the Baptist church.  
Christmas already begins to demand attention as the "next thing" for war workers. And Mrs. Colwell, head of the local Red Cross committee in charge of Christmas packages for soldiers, earnestly requests all relatives who have received parcels from boys overseas to send to gifts from home, should consult with her at once. It is stated that the "red tape" so-called, is necessary, and that these Christmas packages must be of the smallest dimensions in order to devote the greatest tonnage possible to the transportation of troops and supplies. These packages must be sent by November 11th, and the heads of committees should know the number they must plan for.  
Of the Denison men, alumni, former students and undergraduates, now in the service of the United States army, more than 90 per cent have received commissions, and according to an incomplete list compiled last January, a large percentage of these were of the

rank of captain and above, but promotions have been so numerous that it is useless to use the January list in securing data. Denison wishes to make a permanent record of the service of Denison men in the war. "Some day the history of this contribution to the cause of liberty, justice and humanity will be written down in a volume which every friend of Denison will put among the most precious treasures of his libraries." Friends of the college are asked to send to the office of the president any information or material of any kind which will help to make that history complete.

Louise and Carl Biefield entertained several of their young friends and schoolmates at a delightful Halloween celebration Wednesday evening at the home of their parents, Dr. and Mrs. Paul Biefield in East Elm street. All made their appearance in appropriate costume, from dainty fairies to witches and elves. The basement was given over to the time-honored games by the serving of simple refreshments, popcorn, apples, and little cakes. Those in the party besides the host and hostess, were Harriett Belt, Junia Jones, Elizabeth Chambers, Margaret Chamberlin, Frances Chamberlin, Lucile Green, Emma Kels, John Chamberlain, Freeman Haskins, Ernest Breisford, Tom Hundley, Robert Hopkins, David Chambers.

Mrs. Stuart Barber, who has been ill for a long time at her home in South Mulberry street, continues in a serious condition, and her sister-in-law, Mrs. Harley Shirk, is a constant visitor at her bedside.

Mrs. Thomas S. Morris (Miss Jessie Alice Ellis) of Cleveland, who has been visiting her mother, Mrs. Inez Malone in North Prospect street, left this morning for her home.  
Howard and Obitts the tinnies, are putting new spouting on the Granville Opera House.

There is heavy traffic over this bit of road and it is to be put into better condition than heretofore.  
Will Pinkbone of Kidersville, who was homeward bound in his Paige runabout over the Columbus road last night about 9 o'clock, suffered an accident at the ugly curve at the Columbus bridge, when the car ran off the road and collided with a tree. The front end was badly damaged and later the machine was brought in to the service garage in North Prospect street for repairs.

Dr. C. J. Baldwin, former pastor of the Baptist church, who has been ill for several weeks, is again able to be out.

Morning papers carried the story of heavy fighting on the Italian front, mentioning the engagement of the 32nd regiment of United States troops. Among those in this regiment is a Granville boy, David Jones, son of Mr. and Mrs. Evan Jones of East Maple street, who left the employ of Fred Miller to be inducted into military service in July. Willis J. Handel, Denison, 19, Newark, was also a member of this regiment.

## OFFICERS MAY BUY UNIFORMS OF U. S.

(Associated Press Telegram)  
Washington, Oct. 31.—Ready-made officers' uniforms and cloths for tailormade articles will be sold by the quartermaster corps at cost after December 1. The war department announced today stocks will be carried on that date at quartermaster depots in Washington, New York, Atlanta, Fort Sam Houston, San Francisco, Chicago and St. Louis, and at other depots as soon as the cloth becomes available.  
The ready-to-wear uniforms will be carried in two types of cloth for coats and breeches, 12-ounce worsted serge and 20-ounce melton with 30-ounce melton for overcoats.

## COX DENIES HAND IN SCRIPP'S CASE

Never Asked Exemption for Publisher's Son or Anyone Else, Statement

Columbus, Oct. 31.—E. M. Fullington, chairman of the Republican state committee, gave Ohio its campaign canard last night, when he sent to Republican weekly newspapers a 400-word "story," in which he charges that Governor Cox aided in obtaining exemption for Jas. G. Scripps, son of a wealthy California newspaper publisher. This charge was held back until the last minute, in the hope that it would be circulated too late for a reply from Governor Cox.

Republican editors who received the charge immediately recognized its unfairness and many refused to print it until they had reached the governor by telephone and given him an opportunity to reply to the charge. Since the inauguration of the campaign Governor Cox refused until tonight to issue a statement of any nature, but so insistent were the demands that he let the voters have "both sides of the story" that he made this statement:

"I never wrote or spoke a word to the president, the secretary of war, or to any draft board, asking for the exemption of Mr. Scripps or anyone in his organization, or anyone else. The governor of a state has not the slightest authority to exempt any man or to prevent his exemption."

The Scripps referred to in the charge made by the Republican chairman is a resident of California. The claim for exemption of one of the Ohio members of the Scripps family went through the regular draft machinery.

## RUSS PRISONERS ARE IN NEED OF ASSISTANCE

(Associated Press Telegram)  
Copenhagen, Monday, Oct. 28.—The Copenhagen office of the Moscow prisoners war relief committee asks the Associated Press to convey to America an appeal in behalf of the more than 2,000,000 Russian prisoners in Germany and Austria who appear to have been generally forgotten. At least 200,000 of the prisoners are ill and death announcements reach the Copenhagen committee daily literally in bundles. Similar committees working in London, Paris, The Hague and Bern have been forced to abandon their work owing to difficulties of obtaining food for the prisoners, thus placing everything upon the local committee. The funds of the Copenhagen committee are nearly exhausted and the committee cannot send more than 20,000 parcels monthly. The committee declares that unless funds are received even this trifling relief must end.

## LIEUT. F. F. WRIGHT WINS PROMOTION ON BATTLE LINE

Fred S. Wright, president of the First National bank, received word this morning of the promotion of his son, Frederick F. Wright, to second lieutenant in Company M, 802nd pioneer infantry, American expeditionary force, France. The promotion was dated August 14.

Lieutenant Wright received his merited promotion just as the Americans, including his regiment—were making

F. F. WRIGHT.

their big drive and with eight-inch shells making unholy noises in his dugout in France.

In a letter to his father, Lieutenant Wright said: "This afternoon a bunch of Hun prisoners came into town and while an officer was giving them their third degree I gave them the 'once-over.' They were quite content to be alive and prisoners and were well-fed, clothed and not at all sullen and hateful like the three officers that had been netted with them. \* \* \* Only at nights do I get a breathing spell. One observation balloon was shot up back of us this afternoon, but the Bosche was crushed within a few hundred yards of our camp. The balloon observers came down in parachutes. It's a merry life."

## AUSTRIAN NOTE HAS BEEN RECEIVED

(Associated Press Telegram)  
Washington, Oct. 31.—Minister Ekenberg of Sweden delivered to Secretary Lansing today the note of Count Andrássy, new Austro-Hungarian foreign minister, asking the secretary to intervene with President Wilson for favorable action upon the Austrian request for American and allied armistice terms.

The note was in Swedish text. A translation shows no material difference from the version already published in press dispatches.

## WANT ICE MAKERS TO CONSOLIDATE PLANT

(Associated Press Telegram)  
Columbus, Oct. 31.—Artificial ice manufacturers are to be asked by the state fuel administration to consolidate their production into as few plants as possible this winter in the interest of fuel conservation. Where two or more plants are operating in a community, some of which would run only periodically and at light loads, the federal fuel administration will require one after another to close down completely. Details of closing arrangements will be put up to the ice manufacturers soon. George H. Kirtledge of Columbus will have charge of working out the plan for Ohio plants.

## RUGG INDUCTED FOR TRAINING AS OFFICER

The local draft board has inducted Howard Rugg into the service as a general service man, under competent orders, and he leaves this evening for Washington, D. C.

Rugg is to report to the commanding officer of the quartermasters' corps for duty at the officers' training camp conducted at Camp Meigs, Washington, D. C.

Rugg has been with the Rugg Hatter factory of this city, and will be given an opportunity to win a commission.

## AUSTRIANS WITHDRAW ACROSS DANUBE RIVER

Vienna, Oct. 29, via London, Oct. 31.—Austro-Hungarian forces on their eastern wing in Serbia are withdrawing from occupied territory and have completed the crossing of the Danube, according to an official statement tonight from Austro-Hungarian headquarters. Elsewhere in Serbia the Austrian withdrawal continues.

## TURKEY'S NOTE SENT TO ALLIED COUNCIL

(Associated Press Telegram)  
Washington, Oct. 31.—Secretary Lansing today notified the Turkish government that the United States will bring its request for an armistice to the attention of the government at war with Turkey. The secretary made public a note to the Spanish ambassador, through whom the Turkish plea for an armistice and peace negotiation similar to those of Germany and Austria, was delivered October 14.

The note, addressed to Ambassador Riano, follows:

"I did not fail to lay before the president the note which you addressed him on the 14th inst. and handed to me on that date.

"Acting under the instructions of your government you enclosed with note the text of a communication received by the minister for foreign affairs of Turkey at Madrid on Oct. 12, in which the good offices of the government of Spain were sought to bring to the attention of the president the request of the imperial Ottoman government that he take upon himself the task of the re-establishment of peace, and that he notify all belligerent states of the request and invite them to delegate plenipotentiaries to initiate negotiations, the imperial Ottoman government accepting as a basis for the negotiations the program laid down by the president in his message to congress of Jan. 8, 1918 and his subsequent declarations especially his speech of Sept. 27. It is further requested, by the imperial Ottoman government, that steps be taken for the immediate conclusion of a general armistice on land, on sea, and in the air.

"By direction of the president I have the honor to inform your Excellency that the government of the United States will bring the communication of the Turkish charge d'affaires to the knowledge of the governments at war with Turkey.

"Accept Excellency the renewed assurance of my highest consideration. (signed) Robert Lansing."

## DISASTER

(Continued From Page 1)  
few days, if not hours. In western Serbia the Austrians also are marching north toward the Danube.

There has been but little change in the situation on the western front. British patrols have been active on the important sector between Valenciennes and Le Quesnoy and have made progress north of Valenciennes. In Champagne the French have repulsed a German counter-attack northwest of Chateau-Porcien. The Fifth French army, fighting in this region, has taken nearly 1500 prisoners in the last two days.

Turkey's plea for an armistice received in Washington on October 14

will be submitted to the governments at war with Turkey, it is announced officially. The interallied conference continues its labors at Versailles but no statement on the progress of the discussions has been issued officially.

## GOULD SEEKS TO DIVORCE ACTRESS

Mrs. Frank J. Gould.

Word has been received in the east from Paris that Frank J. Gould, youngest son of the late Jay Gould, has started divorce proceedings against his second wife, Edith Kelly Gould. It is said they have lived apart in Paris for several months. They were married in 1910. She was formerly a show girl and attracted considerable attention as the Penacola Girl in Havana in 1909.

The biographer is apt to gloss over the fact that his subject was born of rich but honest parents.

## Good News from Washington

## Part of "BULL" DURHAM Tobacco Released to Civilians at Home to "Roll Their Own"

—With the little muslin sack of "BULL" DURHAM in the pockets of every one of our fighting men on land and sea—

—With good old "Bull" in the regular Army rations—

—And with the future demands of the War Department abundantly cared for, part of "BULL" DURHAM Tobacco is offered again to the men at home who "roll their own".

And to these men I want to say, that in giving up so freely all your "Bull", when your Country asked for it for its fighting men, you did a *human* "bit". However small that little muslin sack may seem, you may have the satisfaction of knowing that *your* sack of "Bull" was *meat* and *drink* to some boy waiting or fighting at the front, and that *your* supply of "Bull" helped to make the distribution to our forces full and complete, and *make it quickly*. Now that Washington assures us that such distribution is a fact, you will, I know, welcome the "Makings" home again.

And with greater satisfaction and more pleasure than ever, you will, I know, with your own hands, roll a cigarette again for yourself—a cigarette machines can't imitate—the *mildest*, the *most fragrant*, the *most economical* cigarette in the world.

Am I wrong in thinking that you will be as proud as I am of your little muslin sack of "Bull"?

## TAFT AND T. R. SIGN AN APPEAL

Love Feast of Former Presidents Is Held in New York Club.

Draw Up Document and Discuss Everything Except Feud of Few Years Ago.

ASSOCIATED PRESS TELEGRAM  
New York, Oct. 31.—Theodore Roosevelt and William H. Taft issued here today a joint appeal for election of a Republican majority in congress. The statement was said to be the first ever composed and signed by two former presidents of the United States. Seated at the table in the Union League club they prepared the statement and discussed old times at the capital while it was being typed. The appeal follows:  
"We approach this subject as Americans and only as Americans. When this war broke out we would have welcomed action by the president which would have eliminated all questions of party politics. It would have enabled us all to stand behind him to the end, without regard to anything except national considerations. Instead

of this partisan lines have been strictly drawn from the first and now the president announces that only Democrats can be entrusted with future power and only those Democrats who do his will. Because of this reflection on other patriotic Americans, we appeal for fair play.

"First, the war must be fought to unconditional surrender, unless this is achieved before.

"Second, the terms of world peace must be settled.

"Third, the Democratic administration, after spending billions of treasure and exercising more absolute power than any administration in our history, must give an account of its stewardship.

"Fourth, the change from war conditions to peace must be brought about with the least disturbance and the work of reconstruction must be broadly begun.

"A Republican congress will be much better qualified, than one controlled by Democrats, to aid the country in adopting the measures needed for these four great tasks.

"First, even as a minority party the Republicans made the winning of the war possible by passing the original draft bill. Without this we would not have trained and landed 2,000,000 men now in France. As a minority party the Republicans forced upon a reluctant president and secretary of state, after an injurious delay of four months, the amended draft act, without which we could not put two more millions at the front next July. The speaker, the leader and the chairman of the military committee of the Dem-

ocratic house opposed the original draft with all the vigor possible, it was saved and so our country's cause was saved by the Republican minority.

"Second, the new senate must approve, by two-thirds vote, the terms of peace. Those terms should be settled not by one man only, it is one man control we are fighting in this war to suppress. If the peace treaty is to be useful in the future, it must be approved by the great body of the American people. The president has indicated a willingness to make a peace by negotiations. He has not demanded as he might have done in three lines, that which the American people demand, an unconditional surrender. His exchange of notes with Germany has caused a deep concern among our people lest he may by his purveying with her, concede her a peace around a council table instead of a sentence from a court. The fourteen points which the president and Germany assume that they have already agreed upon, are so general vague that such a peace would be no treaty at all, but only a protocol to an interminable discussion. The president is without final power to bind the United States in those fourteen points, although his language does not suggest it. Still less has he power to bind our noble allies. We do not know that these points include all that our allies may justly demand, or now in France. As a minority party the Republicans forced upon a reluctant president and secretary of state, after an injurious delay of four months, the amended draft act, without which we could not put two more millions at the front next July. The speaker, the leader and the chairman of the military committee of the Dem-

ocratic house opposed the original draft with all the vigor possible, it was saved and so our country's cause was saved by the Republican minority.

"Nor can the attitude of the house of representatives be ignored in this peace. Every affirmative obligation binding the United States in that treaty must be performed by the house as part of the congress. The present Democratic majority in the house has been subservient to the will of the president in every respect except when critical issues in the conduct of the war have been involved. The president has not hesitated publicly to discipline those of his party who have disagreed with him and the lesson has had its effect. A new Democratic congress, with its old leaders thus chastened, will offer no opposition to his will. They will not be consulted in the future more than in the past. In a Democratic congress the American people will not have the service of an independent, courageous, co-ordinate branch of the government to moderate his uncontrolled will. It is not safe to entrust to one man such unlimited power. It is not in accord with the traditions of the republic.

"Third, the Republicans voted without objection billions to be expended by this administration. Six hundred and forty millions for aviation were given to the executive to build aeroplanes, without a single limitation as to the manner or method of its expenditure. A senate committee has deplored the waste and failure in the use of that money. The debts which have been created by this war, the people will be paying to the third and fourth generation. They have a right to know how those enormous sums have been expended. Only a Republican congress will have the courage to exact a detailed and accurate story of that stewardship.

"Fourth, the work of reconstruction must not be done by one man, or finally formulated according to his academic theories and ideals. His mandate of power was not given in the light of the momentous questions which will soon force themselves for solution. He was elected as a peace president and because he had 'kept us out of war.' The American people should therefore place in the branch of the government charged constitutionally with adopting policies of reconstruction, a congress which will not register the will of one man, but from the people, will enact the will of the people.

"We earnestly deprecate extending the unified uncontrolled leadership of a commander-in-chief to the making of a permanent treaty of peace or to the framing of those measures of reconstruction which must seriously affect the happiness and prosperity of the American people for a century. We urge all Americans, who are Americans first, to vote for a Republican congress."

## WOULD MAKE GERMANS FREEST IN THE WORLD

Amsterdam, Oct. 31.—The German people shall be the freest people in the world. This declaration was made by Emperor William in addressing the new state secretary, October 21, according to the Berlin dispatch printed in The Rheinische Westfälische Zeitung of Essen.

You'll see the answer in the stars and you'll see the eclipse of autocracy.

## DRIVE NETS GAIN OF TEN MILES

Capture of Vittorio Severe Blow to Austrian Defense of Piave Region—Is Supply Point.

(Compiled from A. E. Dispatches.)

"Because of our desire for peace, our troops in Italy will evacuate occupied regions," says an official statement at Vienna last night.

As regards the front of more than 60 miles from the Adriatic to the mountain front west of the Piave river, it would appear that this statement seeks to make a virtue of a necessity, so far as the withdrawal of Austrian troops is concerned. Italian, British, and American forces are sweeping eastward from the Piave and the apex of the wedge drives into the enemy's lines has reached Vittorio. Further south the advance beyond the Montebelluna river has driven the Austrians far to the east of Conegliano. The line crosses the Sile river, the Piave, Fontanafredda, and the Piave river, turns south until it reaches the Piave below San Dona.

The capture of Vittorio appears to be a heavy blow to the whole Austrian position in the Belluno sector. The city was a principal supply point and gives the allies a base for an attack against the left flank of the Austrian armies holding the mountain sectors running west of the Piave. Owing to the character of this country, it is not probable however, that flank attack will be made. It seems that the advance will be continued eastward, forcing the Austrians nearer the Adriatic to retreat and increasing the peril of the enemy forces to the northward.

Nearly 33,000 prisoners have been captured by the allies during the past week.

American divisions engaged in the terrific struggle between the Meuse river and the Ardennes forest have pushed ahead and they have Alençonville, in their possession. This village is about two and a half miles west of the Meuse and is situated on a ridge which dominates the country to the north and east. From it the Americans can direct their artillery fire on the important town of Sedan, to the north, and the railroad running from Metz toward Lille, to the northeast.

Nearer the Ardennes forest the Americans have the Bellefleur farm safely within their lines. This success seems to make imperative a slight German retirement to the east, where the enemy appears to be in a pocket.

The French, who have been attacking the German lines between the Oise and the Aisne rivers, are slowly encircling Guise. Further south they have cut another notch in the German front.

Northwest of Rethel, the Germans appear to have strengthened their line to meet the dangerous attack of General Berthelot's troops, which it had been a surprise would have outflanked the German lines along the Aisne.

In the northern sectors of the front the situation seems to have reached a state of deadlock, for the time being. British divisions have reached the Scheldt along a wide front but have been unable to cross that stream. The presence of civilians in many of the towns in this sector of the battlefield may have some bearing on the lull that has prevailed there for the last few days. Serbian troops have reached the Danube at Semendria, 24 miles east of Belgrade. They are also reported to be 37 miles south of the former Serbian capital.

## CONDITIONS AT CAMP ARE REPORTED NORMAL

Camp Sherman, Chillicothe, Oct. 31.—Chillicothe today, after more than a fortnight's quarantine, resumed business on its former scale. The quarantine was lifted by the board of health in all cases excepting schools, which will remain closed for at least another week, although the epidemic is believed to be over.

At Camp Sherman there is little to show today that the cantonment has passed through a reign of sickness that has cost the lives of 1064 persons. Drilling has been resumed. The quarantined are being given, and the routine existence of a soldier in training has again become the rule. Several half-holiday parties are scheduled for various parts of the camp tonight. Captain R. R. Beachler, Seventh company, will give a dinner and theater-party to his company in appreciation of their work during the epidemic.

Major James F. C. Duvall, who has been camp adjutant for the past two months, has been transferred to the adjutant general's department at Washington.

## PEACE DEVELOPMENTS BOB UP EVERYWHERE

Recent developments looking towards peace are:

Germany sends another note to the United States. It is said to have been sent to enable the government to understand more closely the alterations said to have been made recently in the German constitution.

Heads of allied governments continue conferences in Paris. Agreement said to be certain, although important differences in view have been expressed.

Count Andrássy, Austro-Hungarian foreign minister, will initiate direct peace negotiations with Italy, it is said.

Bohemia negotiating with Czechoslovakia to insure a public administration.

Russian Minister Tchitcherin of Russia, calls upon United States to remove its soldiers from Russia.

Turkey reported to have entered into negotiations with the entente and to have invited the allies to enter the Dardanelles, although troops are not to be landed.

## KAISER WOULD QUIT IF IT'S FOR BEST

London, Oct. 31.—"If the moment comes when the interests of Germany demand it, I should abdicate without hesitation; but the moment does not seem to have come."

Emperor William is quoted as having said this in an address to a number of members of the German Reichstag, according to a dispatch to the Exchange Telegraph from Amsterdam, quoting advice from Berlin.

The emperor said the people must not think that he had decided to remain on the throne at all cost.

The dispatch adds that it is generally believed in Berlin that if the emperor abdicates it will be in favor of Prince William, the eldest son of the German crown prince.

**RESINOL**

For that itching patch of rash or eczema, try Resinol Ointment. Before the trouble has a chance to become serious. You will doubtless be surprised to find how quickly it soothes and cools your irritated skin. Its harmless, gentle ingredients make it safe for the most sensitive skin.

**A CLEAR COMPLEXION.**

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow skin, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

**A Stubborn Cough Loosens Right Up**

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. It is better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

**THE QUOTA SYSTEM.**  
A method of raising money for community purposes has been evolved during recent years that promises to make it always easier to get funds for any kind of public work.  
This method is what might be called the quota system. If the government wants \$6,000,000,000 Liberty bonds, it assigns a certain quota which each state must raise or be considered to be slacking. Then each state appoints a certain quota to every county or city. In that way most places with a sense of civic respect raise what is expected of them.  
Some of the religious denominations and other societies worked the same plan before the war. Previously they found it almost impossible to raise money for good causes. Everyone would say "Let George do it." But they got the idea of distributing the burden around to the different states, and from the different states to the different churches in a fair proportion. When each church had laid upon it the obligation to raise a certain definite sum, it usually did it.  
The plan of raising money for the four Liberty Bond campaigns and for the War Chest has worked admirably in Licking county though it was impossible to use that system in the War Savings Stamps drive because of the difficulty of keeping tab on purchases where so many agents were handling the stamps. For instance a man in Fallsburg township has a bank account in Newark and he buys his stamps in Newark. Unless the bank takes the time to make a record of every purchase with the man's name and address, it is impossible to give Fallsburg township credit for the sale and it is manifestly unfair to give credit to Newark so in the stamp campaign the county was taken as a unit and the goal was set at \$20 for every person in the county. This week's sales will put Licking county "over the top."  
The War Work organization in each of the bond campaigns has taken the quota assigned to this county and divided it equally between the city and the county precincts. The county's share was then apportioned equitably among the several townships so that every township had a mark at which to aim and practically all of them have hit the mark in each campaign.  
The same plan can be worked in

**CHARLES L. FLORY.**  
Charles L. Flory, member of the law firm of Flory & Flory is a candidate for second term as Prosecuting Attorney. He was nominated and elected two years ago and so ably has he performed the functions of office that the Republicans did not nominate him.  
  
In past years it has proved very difficult to get money for community work and good public causes. Many excellent charities and educational projects have fallen through because the funds could not be had. This method supplies a means by which the people can be made to feel their own responsibility and that of their group, toward good causes. It ought to make it easier to finance community projects.  
The team work developed by the Licking County War Organization under the direction of General Chairman E. C. Wright and his executive committee made up of some of the leading men of the community, and by the heads of teams who are leaders in their respective sections, has demonstrated what can be done by united action.  
Who, a year or so ago would have imagined that Licking county people could or would have given more than \$5,000,000 in a single year to war work? Who last winter thought that Licking county people would invest \$20 each in War Savings Stamps this year? Yet it has been done and the people are better for it because it has in hundreds if not thousands of cases made savers of spenders. All of the money invested in bonds and war stamps will come back with interest. Every war activity to date Licking county ranks 100 per cent and the people intend to maintain that record.

**SENATOR MILLER "DRY."**  
It is becoming more apparent every day from the manner in which the campaign of J. Henry Miller, Democratic candidate for state senator is being boosted by the liquor element of Newark that he will have its support in his race for office and at the polls, notwithstanding he has been posing as a dry man all through his campaign. x x x It behooves every temperance man in the district to consider well whom a candidate trains with before giving him unqualified support. x x x Newark American Tribune editorial, October 30, 1918.  
Is there a single man in Licking county with the possible exception of the editor of the American Tribune, who doesn't know where J. Henry Miller stands upon the liquor question?  
Is there a single person who doubts for a moment that Senator Miller who is Chairman of the Licking County "Dry" organization, will support with all his vigor the dry amendment in the coming session of the legislature?  
It is folly to question Senator Miller's loyalty to the temperance cause and when such an absurd intimation is made it excites nothing but ridicule. Senator Miller was "dry" long before it became popular to be "dry" and he is just as "dry" now as he ever was. The American Tribune is afraid Senator Miller will capture some dry Republican votes. That's the truth of the matter. The Tribune knows very well that Senator Miller's record on liquor can not be attacked by the dries.

**WILLIS' SOLE ISSUE.**  
In view of the attitude taken by Mr. Willis in his campaign for the governorship, it is interesting to note the following editorial taken from yesterday's Cleveland Plain Dealer, a "dry" newspaper, which two years ago declared for prohibition and has consistently supported the dry cause ever since. The Plain Dealer, one of the leading newspapers of Ohio, urges the re-election of Governor Cox and gives good reasons. Here is the editorial:  
Winning the war is not an issue in Ohio this fall, declares Frank B. Willis. What, then, is the issue as Mr. Willis sees it? The election is only a few days away. If Mr. Willis has an issue he ought not to hold it back any longer. The subject that Willis talks most about is prohibition—but this is not an issue in the election for governor. The governor has nothing to do with the matter. Particularly is this true of the issue as Willis was and is. We had always skipped along the trolley and never saw the beauty of the burg until the other day we entered it from the north and drove down a street of real beauty and intelligence. There were fine residences along that thoroughfare, neat lawns and abundant flowers. It is the expression of an intelligent community, where are good things to eat, good things to talk about, and good people to associate with. There the quiet demeanor of the village makes one want to stop his machine, go in and sit on the porch and wait the call for dinner. We will try it some time when we pass that way again. We do love Worthington and Westerville and other lovely spots, but we do want to step in and hold Reynoldsburg by the hand a tender spell.

**"When a Child Droops"**  
Hurry, mother! Relieve the little stomach, liver and bowels of souring food, bile and poisons. Look at the tongue! Children love to take harmless "Cascarets" because Cascarets taste like candy—only 10 cents too!  
  
Children droop and wither like tender flowers if you permit bile, sour fermentations and constipation poison to be absorbed into the system. When a child's tongue is white, breath feverish, stomach sour, you can always depend upon good, safe "Cascarets" to gently but thoroughly clean the clogged-up places. Children love to take Cascarets, the candy cathartic which never gripes, never injures, never disappoints. Each 10 cent box contains directions and dose for children aged one year old and upwards.

dusty and finds that in all branches war very seriously handicapped it. The supply of imported ingredients, notably potash, was cut off. Experimenting duct in that line now entailing the discover domestic substitutes for these ingredients took a long time. There were great difficulties in transportation of materials and fuel and in delivering finished products. Some markets were lost. Some staple products could be turned out or disposed of in only limited quantities. Nevertheless, commercial production has increased and the export trade extended to countries not hitherto reached in certain lines by American manufacturers. The consensus of opinion of glass manufacturers is that war has stimulated the industry to a remarkable degree, and been the principal factor in the development of a number of new branches of manufacture. The information obtained by the commission warrants the conclusion that a new era has set in for the industry.  
Of the chief foreign competitors, Belgium and France have suffered extensive destructions to glass manufacture. Exports from Germany and Austria are shut off. We have already taken their places to an important extent in making optical glass, our product in that line now equalling the finest known in Europe before the war. As to cheap foreign labor after the war one paragraph is significant: "Without the aid of a human hand an automatic machine now produces complete one-dram bottles at the rate of a hundred and sixty-five a minute. The labor cost is 'practically nothing,' said a manufacturer. In making window glass a machine-blower in the most efficient American factory can blow a cylinder thirty-nine feet long and thirty-two inches in diameter in less time than a Belgian hand-blower can blow one five feet long and fifteen inches in diameter." There are few businesses for which war does not spell opportunity as well as handicap. The problem is to find and take advantage of the opportunities.  
"The actor should be able to forget that he has an audience," said the critic. "That's easy," replied the actor. "The hard part is to forget that he hasn't one."

## NOT CONSIDERED LIFTING OF BAN

New Cases of Influenza  
Still Average 75 to 100 a  
Day, Says Health Officer.

The quarantine on Newark probably will not be lifted for several days. In a statement today, Health Officer W. H. Knives said that there were between 75 and 100 new cases of influenza still being reported daily, and that the board had not considered the date of lifting the ban.

The state health department is leaving it entirely up to the local boards, dependent upon the local conditions existing.

Four local deaths were announced as having resulted from influenza and pneumonia: James Lewis, 4, Vine street; Ora Austin Collins, 33, 10 Russell avenue; Amos Baughman, McKinley avenue, died at City hospital; Mrs. Arthur Keyes, 23, died at 363 Pryor avenue.

## WIFE OF SOLDIER DIES OF PNEUMONIA

Mrs. Florence Beatrice Keyes, 23, wife of Arthur Keyes, who is in France, died at noon today at the home of her parents, Mr. and Mrs. I. O. Palmer, 563 Pryor avenue, after a week's illness of pneumonia. Besides her husband and parents she leaves two sisters and two brothers. Mrs. Earl Radebaugh of Harris station, Warner Palmer of Camp Sherman, Emerson and Mary Palmer of the home.

The funeral arrangements have not been made.

## TWO WEEKS' ILLNESS RESULTS IN DEATH

Ora Austin Collins, aged 33, died at her home, 10 Russell avenue, Wednesday evening at 6 o'clock, after a two weeks' illness of influenza and pneumonia. She leaves her husband and four children, Bernice, aged 11, Ethel, 9, Harold, 6 and Ora, 2. Her parents Mr. and Mrs. Lacey Collins of Washington street, two sisters and two brothers, Catherine, Eustice and Albert of the home and Mrs. Mast of Akron, also survive. Funeral arrangements have not been made.

## INFLUENZA TAKES FORMER NEWARK GIRL

Ethel Place, aged 27, daughter of William Place, of this city, died Wednesday afternoon in St. Clair hospital, Columbus, after a week's illness of influenza, followed by double pneumonia. Surviving are the father and one brother, Virgil, of Columbus.

The body will be brought here for burial in Cedar Hill cemetery.

## GLASSBLOWER DIES OF INFLUENZA ATTACK

Amos Baughman, aged 38, a glassblower residing at 47 McKinley avenue, died this morning at 10:35 o'clock at the City Hospital where he had been taken Tuesday night, suffering with pneumonia which followed an attack of influenza. While delirious at his home he fell from the kitchen door and cut and bruised his face. He is survived by his wife and two children, all of whom are ill at the home in McKinley avenue. Mr. Baughman's remains were taken to the Bradley morgue where they will be prepared for burial.

## CHILD SUCCUMBS TO INFLUENZA ATTACK

James Van, 4-year old son of Mr. and Mrs. Chas. Lewis, died at the home

of his grandparents Mr. and Mrs. Van Gable, 57 Vine street, Wednesday evening at 4:30 following an illness of one week of pneumonia superinduced by influenza.

He leaves his parents, three brothers, Edgar, John and Warren and one sister Margaret all of the home, and his grandparents.

Funeral services will be held Friday afternoon at 2 o'clock at the home of his parents, 57 Vine street. Rev. A. Cox officiating. Burial in Cedar Hill cemetery.

## SOCIAL EVENTS

**Holman-Booth.**  
The wedding of Miss Vernice H. Booth and Mr. Russell L. Holman was solemnized at the home of Rev. B. H. Funk at Martinsburg, Saturday evening.

The bride wore a traveling suit of taupe broadcloth with hat and shoes to match. Mrs. Holman is a teacher near Fallsburg.

Mr. Holman was formerly a teacher residing at Perryton, but is now in the Service stationed at Camp Sherman where he expects to return Friday.

The appeal continues to be made for records to supply the various military camps. There is a dire need felt for further amusement for the men, especially since so many camps are under quarantine, and many soldiers are convalescing from illness.

Many homes have a collection of records for many makes of machines of which they have grown tired. The Woman's Music club, through its president, Mrs. C. W. Miller, has announced its willingness to assemble the records and send them to headquarters. It had been planned to have an extensive campaign, but the epidemic made this impossible, so those having records to give are asked to leave them at the Yockey Music store, North Fourth street, this city.

**Campbell-Grady.**  
The marriage of Miss Winifred Grady and Mr. Joseph Campbell was solemnized at St. Francis Sales church at 8 o'clock this morning. Only the members of the immediate family were present.

Father B. M. O'Boylan celebrated the mass, and the bride was attended by Miss Eva Winters. She wore a suit of blue velvet with fox collar and cuffs, and a hat of taupe and blue velvet. The bride bouquet was a corsage arrangement of white roses. Miss Winters wore a velvet frock of olive with a fox scarf and black hat. Her flowers were pink roses.

A wedding dinner was served at the home of the bride, South Fourth street. Mrs. Campbell is the daughter of Mr. and Mrs. Frank Grady, South Fourth street. Mr. Campbell is employed at the Brown feed store, and they will be at home with the bride's parents in South Fourth street.

## NEWARK BATTERY NOW AT FRONT

Letters Received Tell That  
324th Occupies Dugouts  
On Fighting Line.

Newark boys with Battery B, 324th field artillery (Heavy) have arrived at the front in France according to numerous letters received today.

According to the letters, they were on their way about six days after leaving Camp Coetquidan, a big artillery camp, and were within 8 miles of Paris when they were switched off.

Many of the letters were written in dugouts and one of them stated: "We are in dugouts and the front is a lot different from what I expected. The dugout has bunks, a big stove, and we have what we did not have at our former camp, warm water to shave."

The boys passed the Versailles castle en route to the front and saw the cathedral where Joan d'Arc was crowned a king. They arrived at the front about September 30, and tell of seeing several air battles, and hearing the roar of the guns, in the big battle.

Battery B, was in training at Camp Sherman, and left in June for France. They were stationed at Bain-de-Fretagne and at Camp Coetquidan. It is composed mostly of Newark and Licking county men.

## COFFIN MAKER OF OLDEN DAYS NOTCHED STICK TO CARRY CASKET MEASUREMENT

The people of the little village of Kirkersville, Licking county, during enough lumber to meet the average demand for the past few years.

The small yards of 1800 used to look out the front doors or windows of their homes to see a man leaving the town with a pole laid across the back of his horse, with a casket on it.

Some one was dead. This solitary horseman was the community coffin maker going out with his measuring stick to take the order for some undertaker's last long home.

When he returned one would find two notches on the stick, indicating length and width of his candidate.

John Smith fashioned coffins in his little workshop in Kirk about the year 1848, when he was a boy of 16.

His father, a cooper, had a small shop in the town where he made barrels. He never had a supply of boxes on hand but usually had placed away enough lumber to meet the average demand.

This black walnut was picked from the best lumber to the last letter of a cabinet maker's taste.

The foot of the box was only large enough to space the two time-wary members, enlarging at the elbows enough to place the hands and arms to appear at easy rest. It then tapered toward the head.

White muslin was first used as a trimming material and then other material gradually introduced. Each community had one or more persons who were more adept than others

in dressing and preparing the dead for the final obsequies. These were the forerunners of the present undertakers. Sometimes the coffin maker had this job to perform himself.

Just an ordinary wagon was used as a hearse, but later Mr. Smith invested in a little spring wagon that was decorated for the occasion.

Without any exceptions this was the sole manner of disposing of the deceased relatives until after the Civil War, and even then a great number of people for some time made the request that they be laid to rest by the old method.

The custom of sealing the body in an air and water tight vault was far beyond their desires and each person departing gave back to mother earth the form she had so willingly lent them for the short span of their tearful pilgrimage among the rest of the earth folk.

In those days the entire funeral expense amounted to more than \$12 to \$15, devoid of the great artificial display of grief commercially obtained. The hardships and dangers of pioneer life were the artful instructors who had taught our forebears the unmeasurable value of silent and unobtrusive mourning.

The home funeral devoid of all display and purely social savor seems to herald a new day and to revive the almost lost art ceremony.

## Milady's Boudoir

Where is the scant haired woman who does not sigh for the wavy tresses of her more fortunate sisters. Not many of us look well with straight hair. There are many dangerous and expensive methods adopted by the hair dressers to keep the hair in perfect wave, but of all the preparations that we know of no more effective and easiest for amateurs to make is a hair oil made from quince seed and now is the time to obtain it fresh.

This curling lotion has been in use for generations and our grandmothers used nothing else when they were young. It is the best for the forehead or curls falling in cascades over the ears or at the back of the head.

Moisten the lotion take a tablespoon of bruised quince seeds and pour over them a pint of boiling water. Boil slowly until the quantity is reduced to one pint. Allow the liquid to cool and then strain through a piece of coarse cheesecloth. And two teaspoons each of cologne and alcohol and the mixture is ready for use.

Moisten the hair with this preparation before curling, use a small sponge to apply it. If you are successful in waving your hair with curlers, use the lotion before winding the strands of hair about the curler. There is one objection to the curler when it becomes dry it assumes a powdery form suggestive of fine dandruff but it can be brushed and is harmless.

Still another way is what is called the oil curl. Apply a small quantity of oil, scented with your favorite perfume, to the head. Sweet almond or coconut oil will answer the purpose.

## FAMO STOPS SEBORRHEA AND GROWS HEALTHY HAIR

We ask you to put FAMO to the most exciting test.

Have a member of your family examine your scalp before you start the use of FAMO.

Apply FAMO daily for one month. Have your scalp examined again. If they do not report the growth of new hair, return the FAMO bottle to where you purchased it and you will receive your money back.

FAMO DOES grow new hair luxuriantly.

It makes the hair fluffy and soft. FAMO intensifies a natural tendency to waistiness and retards greyness. It contains no harmful alcohol to dry the scalp and produce gray hair.

Every woman should use FAMO regularly. Its use is a daily habit you will enjoy. But not only does FAMO beautify the hair.

FAMO kills the deadly seborrhea microbe which is the cause of dandruff. It stops all itching of the scalp and nourishes and feeds the hair roots.

It penetrates the scalp without massage and gives life and sheen to the hair.

FAMO was evolved by scientists in one of the famous laboratories of Detroit.

**WAR SAVINGS STAMPS**

Complete reports of War Savings Stamp sales for the week ending tonight will show that Licking county has gone over the top with a comfortable margin. Yesterday's sale at the Newark postoffice was \$1,109. This being the last day of the month today's sale will no doubt be larger as the price of W. S. S. advances tomorrow.

President Robbins of the Franklin National Bank reports the sale of \$1,818.19 in W. S. S. on October 30th. It is Licking county, the Johnstown banker, who reported the sale of \$2,000 a few days ago comes today with another thousand.

Gus Reigand today put the Midland Shoe company in the Victory list by buying 200 W. S. S.

The War Savings Stamps bought today at \$4.21 will be worth \$4.22 tomorrow and the latter figure will be the November price. On December 1st the price will advance to \$4.23. These stamps costing \$4.12 last January and \$4.22 in November will be worth \$5.00 each on January 1, 1923.

Licking county will be the 26th in Ohio out of a total of 82 to sell its stamp quota. W. S. S. will still be sold by the postoffices, mailcarriers and banks to the end of the year and everybody is expected to buy the stamps pledged during the June and August campaigns. There will be a 1919 issue of War Savings Stamps.

**NEWARK BOYS IN CAMP TRAINED ON FRENCH '75**

Four Newark boys, John P. Strear, Irvin H. Porter, Edward P. Brown and Raymond P. Squiggins, members of Battery B, 71st field artillery, Camp Knox, West Point, Ky., recently were transferred from Camp Zachary Taylor to their present location. In a recent letter to the Advocate, they express appreciation for the bronze identification medal sent to them. Their joint letter says:

"There are just four of us in this battery from Newark. When we left Camp Taylor there were six of us, but the other two are in different parts of the camp.

We are in the firing center and go to the range twice a week and fire about 250 shrapnel shells each trip. We are on the British 75 m. m. guns, but will get new French guns next week. We are all well and were lucky enough to get in the same tent and expect to stay for France very soon. There is no trip which we would enjoy more.

"Our positions on the guns are as follows: Strear, gunner's mate; Porter, gun machanic; Brown, first setter; Squiggins, fuse setter.

"We expect an eight day furlough before sailing and would sure like to see old Newark once more.

**GOEBEL WAS IN FIRE GUARD IN PENNSYLVANIA CAMP**

Details of the death of the death of the late Andrew Goebel, formerly of this city, a camp in Pennsylvania, have been received by Miss Irene Johns of 242 Water street, in a letter from a sister of the deceased, Miss Irene Goebel.

Private Goebel was in Kiss Hospital New Cumberland, Pa., when death came of pneumonia on October 23. He left for camp on July 31, 1918, and was with the 341st fire and guard company. He was the son of Otto Goebel, who was born at Pittsburgh on September 4, 1895. In 1908 the family removed to Newark where they resided until February, 1912, when they removed to Clarion, Pa.

**PUBLIC SALE IN BANKRUPTCY.**

Pursuant to an order by P. N. Sink, Receiver in Bankruptcy, in the matter of L. E. Kirk, Bankrupt, I will offer for sale at public auction on the premises at Helen, Ohio, on

Friday, November 29th, 1918, at 10 o'clock a. m., the following described property formerly the property of Frank E. Kirk:

Tract 1—Seven room frame house and lot and vacant lot adjoining on W. 1st Main street, Helen, Ohio, appraised at \$2,000.00.

Tract 2—Fifty feet of the south end of lots 52, 54 and 55 in the Town of Helen, Ohio, with a large barn on the same, appraised at \$1,000.00. (Barn is practically new, size about 40x60 feet.)

The above real estate is encumbered by a mortgage to the Helron Bank Company in the sum of \$1,200.00 and interest, and will be offered for sale subject to said mortgage and also free and clear of all encumbrances.

**GIRLS! MOISTEN A CLOTH AND DRAW IT THROUGH HAIR**

It becomes beautifully soft, wavy, abundant and glossy at once.

Save your hair! All dandruff goes and hair stops coming out.

Surely try a "Dandermine Hair Cream" if you wish to immediately double the beauty of your hair. Just moisten a cloth with dandermine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Dandermine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Dandermine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Dandermine at any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best money you ever spent.

(Adv.)

**GIRLS! BUTTERMILK CREATES BEAUTIFUL COMPLEXIONS OVERNIGHT**

No Fuss. Just try it this new way. Guaranteed.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that what it turns the dull, dry and most lifeless complexion to radiant beauty, and makes red or rough arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

It is absolutely harmless and will neither produce nor stimulate the growth of hair. Within twenty-four hours this wonderful combination called Howard's Buttermilk Cream will work a marvelous transformation.

Get a small quantity today at T. J. Evans, W. A. Evans and Mykrantz, Co's. The directions are simple and it costs so little that any girl or woman can afford it. In addition the manufacturers authorize every druggist to return the purchase money unless the first application shows noticeable improvement, so be sure to try it at our expense. (Adv.)

It's one thing to get the grip, but quite another matter to know when to let go.

| JUDICIAL TICKET                                       |                 |
|---|-----------------|
| For Judge of the Supreme Court (Vote for two)         | PHIL. M. CROW   |
| For Judge of the Court of Appeals (Vote for one)      | OSCAR W. NEWMAN |
| For Judge of the Court of Common Pleas (Vote for one) | ROBERT L. ADAIR |
| For Judge of the Court of Common Pleas (Vote for one) | THOS. B. FULTON |

Two Judges of the Supreme Court one Judge of the Court of Appeals and one Judge of the Court of Common Pleas are to be voted for in this County.

The above are the Democratic candidates only. The names of all candidates for Judge will appear on a separate ballot without any party designation whatever. The names appear in different order on each ballot, it is necessary for each voter to fix the above names in his mind so that he can find them on the ballot, and place "X" in front of each name as above shown.

Do not fail to vote this judicial ticket. You have no duty more important, and these men all deserve election.

Cut this out and take to the voting booth with you, and mark your judicial ticket from it. It is proper and lawful to do so. Hunt out the above names and vote for all of them.

Dem. State Ex. Com., W. W. Durbin, Ch'man.

## CITY OFFERS TESTIMONY IN WATERWORKS CASE

In the suit of the American Bottle Company against the city in which the former asks an injunction against the city restraining the superintendent of the waterworks department from shutting off the company's supply of water, the examination of the plaintiff's witnesses was concluded this morning and the defense is now introducing their evidence. The hearing will probably conclude some time Friday afternoon.

**Is Quite Ill.**

Alva Gundy is quite ill at his home, West Church street, suffering from an attack of influenza.

**Is Now Recovering.**

Mrs. W. G. Schwartz of Zanesville, formerly Miss Augusta Dowd, 209 South Second street, this city, who has been seriously ill with influenza, is slowly improving.

**Taken to Hospital.**

George Stoyan, who is ill with influenza was taken from his home in Stansberry street in the Bradley ambulance to the City Hospital. His sister Margaret Young died of the malady Tuesday.

**Moving to Newark.**

The family of W. H. Hughes, who has resided east of the city is moving to Newark and will be located at 427 Maple avenue.

**Mayor Finck Drunk.**

Mayor Atherton fined six local characters \$5.00 and the costs today in police court for intoxication. One well known man around town was given a fine of \$5.00 and the costs on each charge of drunk and fighting. He hit a young girl in the face with his fist. He had been keeping company with her and became incensed at something which did not please him. He was warned that a repetition of the offense would mean a severe penalty.

**Returns With Soldier.**

Sergeant Bert Miller of Ft. Benjamin Harrison, Ind., arrived today and returned with Private Harry Richardson, who is charged with overstaying his leave of absence. It is said to be the young soldier's second offense.

**Marriage Licenses.**

Joseph Felix Campbell, a clerk, and Miss Winifred Ellen Grady, an assistant bookkeeper, both of this city, were given licenses by the city clerk, Rev. E. M. O'Boyle, to officiate.

## YOUR BALLOT IS YOUR BULLET

President Wilson has properly appealed for the election of those of his own party so that notice may be heralded to the enemy that America is united in its support of the nation's leader and the commander-in-chief. It is a patriotic request, partisan only in the measure of opposition it meets from party sources, and because of our party form of government. Like appeal was made and heeded during the War of the Rebellion and again in our war with Spain, when Republican administrations were in power. Here are some quotations from Ohio Republican sources:

In opening the Republican campaign at Wooster in 1898 Senator Foraker said:

"The war came while a Republican administration was in power and must now be settled by that administration. For its origin, its character and its settlement we are therefore accountable. I do not believe any fair-minded Democrat would question the fitness of the Republican party for the discharge of this duty, but however it might be otherwise, the work is already in the hands of President McKinley. What he wants is the support of a Republican House of Representatives. It is the duty of Ohio to lend him this help."

The Ohio State Journal, Republican, on Oct. 7, 1898, editorially has this:

"What will be the effect if a Democratic House of Congress is elected? Spain will rightfully interpret it as a rebuke to the McKinley administration and a victory for her. It is unfortunate that this is true, but every candid man, familiar with the ways of diplomacy and statecraft, knows it is a solemn fact. The election of a Democratic majority in the next house will CAUSE REJOICING IN MADRID. These are serious facts—the American voter must look them squarely in the face. A vote for a Democratic Congress will be regarded abroad as a vote for comfort and encouragement for Spain. We do not believe the American people will cast it."

The Ohio State Journal, Republican, on Oct. 30, 1898, had this in another editorial:

"There is but one course open to patriotic Americans this fall and that is to stand firmly by the administration. Whatever may have been the past political affiliations, this is an exceptional year. The national prestige is involved and patriotism demands the triumphant endorsement of the administration by the election of a Congress in complete harmony with President McKinley. IT IS NOT A PARTY, BUT A NATIONAL QUESTION."

The Cincinnati Times-Star, on Oct. 13, 1898, editorially made this statement:

"The party in power should not meet with a reverse this off year. It is of the utmost importance to the country that the President should have the full and earnest support of Congress in the arduous problems which confront him now and will confront him in the next two years. Every man should give this subject the thought and study it deserves so that INTELLIGENCE WILL TRIUMPH OVER PRECEDENT."

The Cincinnati Times-Star, on Oct. 13, 1898, made this editorial statement:

"The problems that confront the President are of lasting importance. Not only is our interest at stake, but that of our children's children. These problems have been told again and again. In their solution the President needs the support of a friendly Congress. A hostile one will constitute a menace and danger to the country."

**WITH CONDITIONS REVERSED, WITH THE NATION FACING THE MOST SERIOUS MENACE IN ITS HISTORY, EVERY WORD UTTERED THEN IS TRUE NOW. DEMOCRATIC DEFEAT WOULD BE A REBUKE TO THE PRESIDENT, AND A REBUKE TO THE PRESIDENT WOULD CAUSE THE BELLS TO RING IN BERLIN. REPUBLICAN VOTERS ARE AS PATRIOTIC NOW AS IN '98 AND '99. THEY WILL AGAIN LEND THEIR AID TO THE WAR ADMINISTRATION.**

**Slick Confidence Men.**

"Some of them Kay See confidence men are pretty slick, ain't they, Lester?" asked old Riley Rezniew. "Yes, slick," replied Lester Lazzenberry, who was just back from the Big Burg. "They're so darn slick they'd pick the pockets of a billiard table if you didn't watch 'em every minute."—Kansas City Star.

It's all right to say nothing and say wood, but some of us are mighty clumsy with tools.

## CAR SKIDS ON PIKE ONE OCCUPANT HURT

While Mr. and Mrs. A. D. Jones and two daughters of Hanover were returning home yesterday afternoon their machine skidded on the pike east of this city and crashed into a telephone pole, badly injuring one of the daughters, who was cut about the face and leg. Mrs. Jones and the other daughter suffered minor bruises. Dr. H. H. Baker of this city happened along and took the injured woman into a nearby home where he dressed their wounds and they left later for their home. The car was badly damaged, one wheel being knocked off, the wind shield broke and an axle bent.

The Bible teaches us that there were false prophets long before the weather bureau was established.

## GOVERNMENT EMPLOYEE FINDS A REMEDY FOR INFLUENZA

Miss Inez Burns, giving her services to the War Department, gladly tells her story of how she was attacked, and overcame Spanish influenza.

Miss Burns says:

606 H. St., S. W., Washington, D. C.

To whom it may concern:

While working in the War Department in Washington, D. C., I contracted Spanish influenza which was spreading rapidly throughout the Government offices. Having a bottle of Hull's Superlative at hand I at once started in to take it regularly. Although I was quite sick for a couple days it helped me out so that I did not need to be alarmed at my condition. Within a week's time I was again feeling fine, which I owe to this medicine.

**INEZ BURNS.**

**DIRECTIONS.**

Go to bed at once, cover up real warm, take four doses of Hull's Superlative at 20 drops at 15 minute intervals. You will go in to a sweat. Remain covered until perfectly dry. You will notice that aches, pains, and fever have disappeared. Follow by taking 8 to 10 drops three times a day until perfectly well. Do not expose yourself or get chilled until you are thoroughly well, or a relapse is liable to take place, which may be much worse than the first attack. If it does not act on the bowels in 12 hours take a strong physic.

Hull's Superlative is a root and bark remedy, rich in Peruvian Bark, fever breaker, Golden Seal the greatest known vegetable antiseptic and other ingredients as good as those mentioned. Hundreds testify to great good received. Be sure and keep it in the house. LaGrippe comes almost at once without warning. Then is when you need Hull's Superlative.

# Walk-Over SHOES

These are woman's most sensible occupation-shoes for her busiest times. They are long-lived shoes. Put on one. Note how neat the toe looks and how snug and warm the high upper is. Take a few steps and notice how light the heel makes the whole shoe feel. As time goes on, you are certain to be more and more occupied at home, in business, for the Red Cross or in war-work of one kind or another. This occupation-shoe can't save you steps, but it can make every step lighter.

**THIRTEEN LICKING CO. SOLDIERS IN ITALY**

It is probable that thirteen Licking county men are fighting side by side with the Italian armies in the great battle now being waged against Austria on the Piave front.

In checking over the list thirteen names are found of Licking county and Newark men who are with the 332d Infantry, 88th division. It is definitely known that at least a part of this outfit has been thrown into the big fight. The large per cent of the men of the 332d which trained at Camp Sherman and Camp Perry are from Cleveland and Akron.

Among the Newark men who are with the infantry outfit are Sergt. K. E. Sensabaugh, of Company A, 332d, who lives at the corner of Oakwood and Ridge avenue, Max Norpell, former Newark attorney, of Company D, 332d, and Orville Booth, of 332d, living at Black Run. These men have written the Advocate stating they were in Italy.

Others listed with the organization, Fataskala, are W. O. Davis, Atherton, who is with the 332d field hospital, 308th Infantry train; W. E. Franks, 161 West Main street, of company G, 332d Infantry; Willis J. Handel, 332d Infantry; Ralph Keller, company K, 332d; Hugh Kissane, company E, 332d, living at 65 North Pine street; Raymond McIllyar, company F, 332d, 86 Eighth street; Stanley Rutland, company H, 332d Infantry, 342 West Locust street; William Walcutt, Tobacco, headquarters R. # Tomorrow Is November 1st

The fall months of September and October are gone. We are ushered into this great buying and planning month for winter. It is doubly so this year because in addition to our winter planning the government expects us to do much of our Christmas buying in November. The purpose is to relieve the regular congestion customary in December. Our stores are expected to operate during the holidays with the same amount of help as in normal months. We can only do this by planning ahead and getting ready for Christmas in November. We have done this. All the useful gifts which will be the basis for business this year are on display for the early buyer. The Toy department is also open and complete now in its variety of gifts for children. We must make the Christmas of 1914 the happiest and best we have ever had. Don't forget anybody but work in with

## The Government Plan and Do Your Christmas Buying In November.

# No Matter What May Be Your Dress Needs This Fall

THERE IS A DRESS HERE THAT WILL PLEASE YOU.

Do you need a serge dress? Practically everybody does, as a serge dress is the foundation of every wardrobe, and while one sees it everywhere, yet it is not at all monotonous. Or do serge and silk or serge and satin combinations appeal. They are on display in the ever popular navy, and shades of dark red, green, brown showing pretty trimmings of black braid, heavy yarn embroidered designs—pipings of plaid silk, and still others combining plain or plaid silk with the serge.

AND YOU SURELY must have at least one dress for "dresy" occasions—afternoons, teas, receptions and the like. There are so many attractive models here that we suggest a visit at your earliest convenience, as it's the only way for you to know how beautiful the new fall models are. Velvets are shown in navy and black, wool Jerseys in attractive models and colors—messalines, crepe-de-chines—others combining filmy georgette with satin. Among the colors are taupe, copen, navy, grey black and green.

COME IN ANY TIME—

We are always glad to have you look over the new dresses for winter.

## TAXATION IN OHIO

The simplest remedy for the taxation ills of Ohio is classification. On a separate constitutional amendment ballot, which will be handed to every voter at the election next Tuesday, will be found this proposed amendment to the constitution.

| ARTICLE 12, SECTION 2. |  |
|------------------------|--|
| X Yes                  | That the General Assembly shall classify property for taxation purposes. |
| No                     |  |

If you will vote for the amendment, as indicated above, the coming general assembly will be compelled to classify property for purposes of taxation.

Under the present antiquated, uniform constitutional rule of taxation, every taxpayer is supposed to pay a uniform rate on all classes of property—the same rate on a sewing machine or bank deposit that he pays on his home; the same rate on his plow, horses and crops that he pays on his land.

The present hard-and-fast uniform rule keeps millions of dollars out of the public treasuries because taxpayers do not make full returns on personal property. Personal property—and particularly intangible property—is so easily secreted or taken out of the state, that Ohio taxing districts lose an immense revenue from this source.

Under classification, varying, equitable, rates on different classes will increase Ohio tax duplicates so that most communities will not face the bugaboo of deficiencies in public treasuries.

States that have discarded Ohio's fearful tax system and have adopted classification are more than satisfied. Kentucky, Pennsylvania, Maryland, Wisconsin, and others proclaim the success of classification.

In Kentucky the farmers and home-owners were saved a million dollars last year through classification and all taxpayers were satisfied because the rates were reduced.

"Classification in taxation will not interfere with the Smith tax limit law."—Former Governor Judson Harmon.

You can help Ohio cure its chronic taxation ills if you will. Vote for the Classification Taxation Amendment.

## Cod Liver Extract With Tar

For the cough that hangs on and seems to be going into something worse just try Cod Liver Extract with Tar. It doesn't have the bad disagreeable taste like the old-fashioned kind but tastes good and is good. It loosens up the secretions and takes the soreness out of the chest. One 50c bottle will put a deep seated cough a long ways on the road to recovery.
